

Solo Show 'THINK' by Dao Chau Hai

Vietnam Art House (VAH) is pleased to present 'THINK' - a Solo Exhibition by Dao Chau Hai, a Vietnamese artist based in Phu Tho province.

Exhibition: Medium September – Medium October, 2020

Venue: Vietnam Art House, Laan van Meerdervoort 89, 2517 AT, The Hague

Dao Chau Hai is one of Vietnam's leading sculptors and lecturers on art after the Doi Moi period. With its unique creating philosophy, his sculptures always emphasize or aim to change the perception of the viewers about the limits of visual images.

He has achieved many accomplishments in various materials, from wood, lacquer, bamboo and rattan to stone and metal. For many years, he has focused on researching and composing a modern sculpture material that is less familiar with Vietnamese sculpture traditions: metal sculpture.

His works, big or small, are always capable of occupying space, attracting the view and stirring the minds of the viewers. Most of his works possess minimalism in shaping but contain humane messages.

Dao Chau Hai is a pioneer and has many innovations in both sculpture materials and languages, especially in welding steel sculptures, inspiring a whole generation of young artists. His creativity is a dedication to Vietnamese modern art and contemporary Vietnamese sculpture.

Welcome to join Vietnam Art House to see his artworks and listen to his THINK on art!
